
Background/context

Made By Katie Green is a contemporary dance company specialising in creating work for museums and heritage sites. From 2013-17, the company toured its promenade performance work [The Imagination Museum](#) to 28 museums and heritage sites across the UK. Alongside its performance work, the company is engaged in a programme of participatory work with children and young people, in schools and at museums (www.madebykatiegreen.co.uk).

From 2018-2021, Made By Katie Green will be working with 19 heritage sites, schools and community centres across three Hubs in the South West and Midlands to develop the new [Imagination Museum: Mayflower 400 project](#). This project will use the *Imagination Museum* model that has already been developed, as well as responding to the 400th anniversary of [the Mayflower's famous journey from the UK to the New World](#), to engage audiences new to dance and/or heritage. The *Imagination Museum: Mayflower 400* project is being supported using public funding by the National Lottery through Arts Council England.

Our three Hubs are Lincolnshire/Nottinghamshire (lead partners - Pilgrim Roots Regional Partnership/Transported), Hampshire (lead partners - Hampshire Cultural Trust/The Point) and Plymouth (lead partners – The Box/Plymouth Dance). At the moment we are planning 14-18 'Community Encounters' in each Hub over a 12 month period, starting in Lincolnshire/Nottinghamshire in November 2018. Each Encounter will include a performance and an interactive element (which may be a workshop, talk or artefact-handling session). At the end of the collaboration with each Hub, there will be a series of 2-3 days of Final Performances, which will integrate performances from community groups working alongside the professional company.
